LEGISLATIVE COUNSEL'S DIGEST

SB 452, as introduced, Poochigian. California State University: Kenneth L. Maddy Institute.

Existing law establishes the California State University and its various campuses under the administration of the Trustees of the California State University. Existing law establishes the Kenneth L. Maddy Institute as a part of the public administration program of the College of Social Sciences at California State University, Fresno. Existing law requires that instruction at the institute be provided by the faculty of the public administration or political science programs at that campus, supplemented by discussions with active and retired public officials.

This bill would provide that the institute is administered by the President of California State University, Fresno, and that instruction at the institute is to be provided primarily by faculty at that campus.

Vote: majority. Appropriation: no. Fiscal committee: yes. State-mandated local program: no.
